

DESIGN & DEVELOPMENT TECHNICIAN

The Design & Development Technician is responsible for the design, development, drafting and supervision of the Parks & Recreation open space and capital project development plans. Projects can include ones for arenas, swimming pools, parks, play areas, sports fields and other city owned buildings and facilities (including a number of historic heritage buildings). If you have the following qualifications, this opportunity may be of interest to you:

- Diploma in Civil Engineering Technology or Architectural Technology, supplemented by courses in landscape architecture and building technologies.
- Municipal experience in project design & development, construction project management and supervision.
- Experience with budgeting processes and public administration
- Design & field experience in construction of buildings, parks and other recreation amenities
- Understanding of building trades such as electrical, mechanical, refrigeration & heating
- Drafting experience and ability to operate surveying equipment
- Valid class 5 driver's license

Please submit a resume prior to 5:00 p.m. March 3, 2017, with names of references and clearly indicating Competition #17-03 to:
